STICK TO LOCAL FARMS

Bicycle Tour D – for easy cyclists and families

This fun spin is great for families and holiday bikers. It's an easy 8.5 miles, with just one longish hill. It begins at **Kelder's Farm**, with its giant garden gnome and sweeping views of 100 acres of mixed you-pick crops. It's very challenging to grow apples organically in the Hudson Valley, but at **Westwind Orchard** they do, plus there are delicious berries and vegetables, and a farm market and pizza oven on many weekends. **Hollengold Farm** is the work of botanical artist Wendy Hollender and features many of the plants found in Wendy's drawings and prints. Hops are grown at **Arrowood Farm**, which has recently added a brewery. A flock of ducks is also in residence. Owned by a 12th-generation farmer, **Flying Change Farm** has gorgeous horses gamboling in green paddocks.

We welcome feedback, photos, videos, and suggestions! Reach us at www.stick2local.com, and on our Facebook page.

If you're using an app, re-set your start at the farm entrance. You can use our smartphone/online map at: www.ridewithgps.com/routes/13322567

For June 10 Farm Bike Adventure only: if needed call Bill Miller 845-332-5922

Start: **Kelder's Farm**, 5755 Rt. 209 Kerhonkson, NY 12446
